Researching Your Assignment
Do you want to find relevant information for your assignment? In this workshop you will learn how to search databases to find the best books, articles and reports for your research.

Referencing Using APA
In this workshop you will learn how to use the Referencing Library Guide and practise how to reference in APA style. The importance of academic integrity at ECU will also be covered.

Using EndNote
Learn how to use the EndNote software to manage your references. Create an EndNote Library of references; use EndNote to insert citations into a Word document; and format and edit references in APA Style.

Workshops for International Students Series
These workshops are designed specifically to support international students, but all students are welcome.

- Researching Your Assignment
- Evaluating Online Information
- Referencing Using APA
